**CREATIVE  
RETAIL  
SOLUTIONS**

**triga**go

Outfitting a retail store is a costly exercise, but the durable and sturdy design of TRIGA® Go makes it the ideal solution for cost-effective construction of general shop-fitting elements like walls, change or store rooms, counters, clothing rails or even shelving.

Our range of TRIGA® Go retail products can be custom designed to suit the store layout.

TRIGA® Go can also be reconfigured or units added as the store requirements change. This added versatility saves massive costs from the day of installation.

- Units are freestanding and non-permanent.
- Quick and easy tool less assembly. Can be done on-site with no messy installation or specialist shop-fitting expertise.
- Supplied with full colour, inter-changeable textile prints for maximum visual impact and brand awareness.
- Units flat pack for easy transport. (When you move your store, you can take all your store elements and branding with you.)
- Sizes: Made to Order
- 2 Year Warranty on Aluminium hardware.
- Complete range of accessories including lighting and suspension kits.
